Digitability 101

Be Work-Ready with Digitability!

Digitability is an innovative and comprehensive work-ready program empowering students with autism or other cognitive disabilities to graduate with a skill-based portfolio and the ability to self-advocate.

Bankability & The Social Economy

Bankability works with The Digitability Social Economy, where students earn (and later spend) virtual money for practicing workplace behavior. With Bankability, students now receive direct deposits on payday, review pay stubs and personal bank statements. Pay Bills and Purchase Rewards Pay Stub and Statement.

Pay Bills and Purchase Rewards

Using Bankability, students manage their checking and savings accounts, pay bills, shop, and review their finances all from their online bank account. Teachers can customize classroom bills and rewards, run payroll, and approve purchase requests all from their Bankability dashboard.

How To Log On

- Step 1: <https://app.digitability.com/login>
